Is she the most beautiful woman ever to serve in govt? And bright too. The whole package. I think she should be president, we would have her to look at for 8 yrs.

A buddy of mine took a group of kids to DC to see the Capitol, etc... When he came back he offered the opinion that Mary L has the best legs in Congress (my buddy is a very deep thinker). Since she's our Senator, I thought he was just being gallant, but you seem to agree.

The name Landrieu in LA has much the same cachet as the name Kennedy in the land of my birth, MA.
