So what do y'all think should be posted in the Dungeon? If not political stuff or oddball audio things; what else is there? I mean there is plenty of nudity all over the net so thats a waste; so if not an exchange of ideas... then what?If we all had exciting lives we could talk about that. Since we know that ain't the case then thats out.Anyone see that 419 scam site? I found it pretty funny.

You are a riot! Now if I had a cell phone I could use that for my ring tone.

"GOD LOVES YOU AND YOU CAN`T STOP HIM!"My friend saw this neon sign on one small church, and E-mailed it to me... Of course, he lives in US/Florida...

Wheew; I was a little worried about that; but I feel much better now. In Florida those kind of signs are everywhere. Especially up north in the panhandle where all those crackers live. The heat fries their brains.
