There's a new thread on AA about why VTV issue 21 is late.Gee, if AA's regulars hate VTV and Charlie sooooo much, then why do threads like the following keep appearing there?http://db.audioasylum.com/cgi/t.mpl?f=tubes&m=168818And if VTV is such a crap magazine, then why do so many AA users keep building and asking about the VTV 6SN7 line stage?http://db.audioasylum.com/cgi/t.mpl?f=tubediy&m=85087Just asking.

I don't mean to be critical, but honestly, I wish the VTV mags would come out more often too.

just look how long it took to take down the Commies. Took a lot of effort on the part of the good ole USA. I do hope that in this parallel micro-universe ART is able to conduct itself better than the US sometimes did...cheers,Douglas...in *THEORY* Marge...in *THEORY*, Communism works...Homer Jay Simpson

if you want to engage in the old, early teen/pre-teenage male sport of throwing rocks at Hornet nests, why not go over to AA and with some dates on when VTV first spoke of the 6SN7 linestage, and when Dan started selling Foreplays...cheers,Douglas

I think that individual efforts are the most important part. I really appreciate your participation here. The people are what make a messageboard, without them, it's an empty disk drive and unused web space.
