My wife has the strangest movie goin in the other room. crazy noises, people, scenes just weird shit. must be a chick flick. thers's no planes, no explosions, no subs, boats, tactical weapons. Not even a car. just enough out of the corner of my eye to know it's anoying...

Are they speaking English? If not then under no circumstances should you enter the room; I repeat...stay away from that room.Especially if it sounds like classical music on the soundtrack.

The sniffling and sobbing was me after realising I had to watch it with her.
