I watched "Dark Water" last night. It was about as exciting as watching a pan of water. A pan that isn't even heated, at least the agitation from boiling would give something to watch. Just plain boring. Pity too, 'cause I really like Jennifer Connelly. (What guy doesn't like Jennifer Connelly?) Wait 'til this one comes out on free TV, then watch something else instead.

Yeah, the reviews I saw on this weren't exactly raving... I saw the remake of "The Grudge" (with Sarah Michelle Gellar), that wasn't bad at all.

Amen brother, wayne I think i tried to warn you of this... But maybe not. Twas a most terrible oversight if I didnt. I paid to see the thing in theatre, so at least you were spared that..

Yeah, that was one of the most stupid movies I ever saw.
