Hello to everybody!!

I am new here and I have this kind of awful questions.

In this days a got a RCA MI-3420 Portable 4 Channel Audio Mixer, this is a Vintage Mixer(and very old too!) used in recording and I would like o know if Do know where I can find information or schematics for this mixer 4 channel?....

Thanks a lot for your time,

opacheco.

It is probably going to be hard to find a schematic, but I'll bet if you started tracing wires, it wouldn't take long for you to produce your own schematic. One wire at a time, step by step, it won't be nearly as bad as you might think.
