I don`t know - it all looks the same to me. Stupid words and melody, very "cool" singer and a lot of girls dancing around...

Oh, dude, that was great! Spock - oops, Nimoy - singin' a silly song about Bilbo Baggins. Kinda reminds me of something Nancy Sinatra would have done.

Well, I never looked at it like that. You're right, it's not much different than modern vids - other than Spock can actually sing.....Colin
