The movie Pirates of the Caribbean: Dead Man's Chest has shot up to number 2 at the top box office just behind Miami Vice. This just goes to prove that this is must see movie.

We went to the midnight premiere here here in Knoxville. It was awesom. Pirates all over. Lots of Cosplay.What I foubnd is that it relied more on FX than on an actual dialog. Many loose ends.I am hoping that the last one is better.julie

I saw the last one and it was good. What do you mean by loose ends? You mean the story?

yes the storyline itself left itself open for the last in the series.But when you lok at the script itself there was holes.. continuity was there but at points vague.It seemd as though they relied more on FX.Now when Barbossa appeared at the end that was the shiz! That apple was so delectable.....
