Subject: 8 Pi horn and woofer? Posted by Norris Wilson on Sun, 04 Apr 2010 16:45:11 GMT View Forum Message <> Reply to Message
Hi Wayne,
Does the 8 Pi use the same midhorn as used in the 7 Pi corner speaker? If not, could you outline some of the differences? Also, is the 10" Eminence woofer used in the 8 Pi the same as used in the 7 Pi corner speaker?
Thanks
Norris

isn't as well suited as a dedicated midrange. But its electro-mechanical properties make it perfect for use as a midwoofer, or for rear-tuning for bass while front loading for midrange with the horn. More information in the links below:
