Hi Wayne, I also saw that movie, and LOVED it! A similar one is titled, "The Prestige" although, I'd rank it a couple of notches lower than the Illusionist.I am a huge Edward Norton fan; my 1st of his was "Primal Fear" unfortunatly "Down in the Valley" made me so sick, I couldn't even finish it.

I thought this move was ok. I thought that there were some parts that were slow and boring but all and all I thought it was ok.

I often hear about the movie but I haven't got a chance to watch it yet. Edward Norton is one of a great young actor. I like his performance in The Score, where he shares one screen with Robert de Niro and Marlon Brando. He is even much better than Leonardo DiCaprio, IMO.
