Who saw Ghost Rider? I saw it yesterday, and I liked it. It was full of action and wasn't boring. The fact that there is competition between the devil and his son makes it interesting.

I saw it last night. I enjoyed it, so I'd give it a "thumbs up" but probably just barely. It had some pretty cheesy spots. Some really cool stuff though too.

Ghost Rider is showing in the movie theatre this week. I bought a DVD of the movie but I was disappointed of the quality. It was not original. Maybe I'll watch the movie this weekend.
