Alice in Wonderland, Little Mermaid, (how old is she) Toy Story, Monsters Inc, Aladdin, Pirates of the Caribbean 1 and 2, we have a membership to the Disney club it works out to be cheaper than just buying them at say Best Buy. The ones I mentioned I believe are now available on DVD we just got them all in the last year and Peter Pan just came out (they sell it for a short period of time then you cant get it again for a few years)

Thank you very much Melissa Parham. I've added those Disney movies that you mentioned on my lists. The link that you posted is a great help for me.
