For sale is a Decware factory built SE84CS "Select" amplifier. Original Black chassis model. I am the original owner. It was used in a smoke, child, and pet free environment. Amp is in excellent condition inside and out. It is all original, no modifications. New matched SV83 output tubes have been installed and an additional two (2) pairs of new matched SV83 output tubes are included. Also provided are several 6DJ8 input tubes, and an extra Sylvania 5U4G rectifier tube. The original shipping box, power cord, and owner's manual is included.

\$450 for the amplifier and all the extras. Buyer pays shipping charges via FedEx from zip code 94610. I am not set up for PayPal. Payment via Postal Money Order/Bank Cashier's check. Thanks.

I tried to delete the previous ad to simplify things and prevent confusion. It won't delete. Don't be confused, this is the latest ad.
