I am really into K-Pop at the moment, even though I can't understand the words (I think that bothers others in my house more than it does me!) Anyone else checked out the Wonder girls or 2PM?

I just added the CD set from Boys Before Flowers, a Korean drama show, to my collection. I really recommend listening to some of this music. Think I am gonna be getting headphones for my birthday

I don't listen to the music in particular but I was given a DVD set of a Korean drama. I think the title was something like 'Winter Sonata' but to be honest I never got past the first disc. Sorry.
