How would you rate the remake of The Clash of the Titans? What about Nightmare on Elm Street? I usually hate remakes but for me the Clash of the Titans was different than the original and I actually enjoyed it. Still prefer the original.

I also prefer the first Clash. Almost always, the original ones are preferred especially by those who saw it. New generation though would think the remakes are more interesting.

I tend to only watch remakes if I've not seen the original, it's too disappointing otherwise. Same thing goes for sequels. I thought the new Clash of the Titans was excellent. I would have liked them to have left the alternative ending in place though.
