I was supposed to see this today, but the girls got sick and had to cancel the outing. Did anybody got to see it? How was it? Was it as good as they say? I am excited that Whoopi is back on movies and not just with cameo appearances.

I love Whoopi, too, and would probably want to see this movie based on the fact that she is in it. But, I have to say that I am really not a big fan of Tyler Perry movies. Sorry, but I don't think they are as good as people make them out to be....

I haven't even heard of this one so I'll have to look into it. I'm on the computer way too much and need to start getting out more, obviously. I can take or leave Tyler Perry. I've seen some that were good and some that were just too stupid for words. But I do love Whoopi.
