I am happy to have a movie with Denzel Washington. It is also good to see an action movie based on real life. I am definitely going to see it.

I might leave Skyline for next week. I am always open to another alien movie. Let's see how this one is done.

What are you going to watch this weekend? Please share.

I love Denzel Washington and I have not seen this one yet. I'm a bit behind on movies, I'm watching more that are coming out on DVD. I am planning on watching Vampires Suck this weekend.
