Is anyone else waiting for the release of Eclipse on DVD? We have all the books in hard cover and both DVD's that have been released.

I am waiting for December 4th to get my copy!

Of course I went to see it on IMAX too (big screen). I loved the movie and can't wait to own it!

I love the books but haven't loved the movies enough to go to the theater. I'll buy Eclipse soon after it comes out on BluRay though.

I do agree that the books are a lot better than the movies, but I still watch them. I went to the movie theater the day each of them came out. I'm Team Jacob by the way!
