I finally get to leave the house after the blizzard. I took the kids to see Tangled just to sit down and no movie. It seems the movie broke and there was no replacement or way to fix it. I would wait for it to come out in DVD, but I promised the girls they would see it before going back to school. Darn it!

I think your kids would really like it, Tangled has gotten very good reviews from what I've heard. I never watched it yet, but I want to.

We saw it and we loved it. I have to admit I'm a big fan of these kid movies. I think they are great! Shreks have been my favorite so far.

Did you end up seeing it or are you waiting?

The first time I saw Shrek, I did go with a bunch of kids, but I liked the little "adult-natured" themes. You don't need kids with you to want to go see it. If Tangled is anything like that, I would want to watch.
