What are some of the songs that when you hear, you think of your significant other? I have a few:

Usher "OMG"
Usher "There Goes My Baby"
Paramore "The Only Exception"
B.O.B. "Nothing On You"

I love our songs!

80's and early 90's pop songs of the worst sort. I would actually have to worry about the music being too soft for the ladies not to throw up my tastes were so delusional as a child.

I guess it all depends on the state of your relationship. When I first meet someone, all of the lovey-dovey love songs apply, but after a while it turns into the heartbreak ones....

I understand the whole heartbreak thing. There are just so many ups and downs in relationships and sometimes it's almost too much to take.

Love of a lifetime is our song. We love the oldies now (80s and 90s too). It seems funny calling the 90s oldies but really it is older music.

I love a lot of country songs too.
