Has anyone here seen Inception? Do you recommend it? I'm thinking about renting it but I get easily bored during movies so I am selective.

Personally, I wasn't that into it. The previews looked cool, and I thought I'd like it, but it just didn't really work for me. Lots of people I know liked it though.

I enjoyed the movie. It just seemed a bit weird that Ellen Page was in it. For some reason, I don't feel like she fit. I must admit though, it was cool seeing her in a different kind of role. I've only seen Hard Candy and Juno so far.

That's one that I haven't seen. My friends keep telling me I should rent it, too, and that's it's really good. But, judging from the replies here, I guess it is just one of those movies that gets a lot of mixed reviews.
