Are you the famous quarterback and orthopaedic surgeon that died in 2003?

No, I'm the Don Bunce that brought my Altec A7s and Labhorn to the '03 MAF with the Chicago Horn Club.

As I recall, there were a pair of 4 pis at the '02 MAF. Were those yours?

I always wanted to build a pair, now its finally time to do it.

I knew your name was familiar! The Labhorns were amazing!

Those were my Theatre 4Pis with the Eminence drivers in the auditorium. Now I have what were then known as Pro 4 Pis as you're going to build.

MAF started an industry. What a great idea Mike Baker had. Even the Rocky Mt Show owes it's life to MAF. It also helped strangers come together; you, me, Wayne, Bill Martinelli, Kevin from Diycable and more.
