There are a lot of threads about movie soundtracks here, but what about music for television? Do you have a favorite tv show's soundtrack or iconic theme/intro? For me personally, you can't beat the X-files, both the main theme and the overall soundtrack.

The shows with my favorite soundtracks have got to be One Tree Hill and Pretty Little Liars. They feature the music that I really appreciate, more on the indie rocker chick slash soft rock band feel to their music so I really enjoy it

I love the songs featured in Grey's Anatomy. Most of the songs are actually from independent and almost unknown artists, but their music is great. The melody, the rhythm, the lyrics - all suit my taste.
