May I get the plans for the 4Pi speakers please?

I am looking set up my theater room and was wondering what would be a good match for these for surrounds?

Jim

You've got mail!

speakers as surrounds. They have similar spectral balance and work quite well for that purpose.

Thank you. Any concern mixing the CD/horn LCR with dome tweet surrounds? Would 3 pi be a better fit? How much smaller are the 3's than the 4's?

Three pi is actually bigger, just found it.
