Does anyone here watch Bravo's new Songwriting reality show, Platinum Hit? I'm super hooked and I really enjoy watching the songwriting and producing process unfold on my television. I've heard the ratings aren't that good but I think if you enjoy music you should give it a try

I had no idea about this. A songwriting reality show? I'll check it out sometime. I've been curious about how the whole process works so this might be an interesting program to watch; I am especially interested in the producing. Thanks for mentioning it!

Wow, why hadn't I heard about this show? I am going to have to look for it. There are reality shows for everything these days, aren't there?

There are reality shows for brides to be who want to lose weight! (Terrible idea if you as me!) There's also a reality show that follows the life of a polygamous man. I think the worst is Toddlers and Tiaras tho

But I recommend you check this out! I think this show is definitely underrated!!! Not enough love for it

Is this show still on? This is my first time hearing about it. This sounds like a reality show that I could really get into!
