Alright, so what was that all about last night when they weren't sure who was supposed to win at one point? How do they hand an award to someone and then take it back? That's just crazy!

Did they really do that? Haha, I haven't been watching that award show. It's just like, what the heck? Why would they do that? You'd think the show would be at least semi-professional enough to have sorted the winners out already. I know on the Much Music Awards they actually had a tie between Drake and Justin Bieber for an award though. Um, what.
