I'm looking for a new place to get my CDs and CDRs pressed. The last place I used just upped their prices and I can no longer afford to pay for them if I continue to use this service. Where can I get super inexpensive, but decently printed replicated and/or duplicated discs made? I live in the UK if that helps.

There are some online sites that offer this service. A popular one is Kunaki.com. Most of the big name internet marketers use Kunaki's services as well.

There are options for 'press CDs on demand' available, if you want to go that route. I googled 'cd press' and some sites came up, offering pressing services. I wouldn't be able to vouch for any of them, though, since I've never tried them. Out of interest, what kind of music do you create?
