Hi Wayne,

I just traded a buddy a pair of Alpha 8 drivers for his pair of Alpha 10 woofers. I guess it's time to build a pair of 2 PI Towers. Could you please send me the plans? Thank you.

Steve

I will remeber to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back

I will remember to put the port in the back.....100

Bill, you crack me up!

Steve, you've got mail!

Thanks Wayne.
Bill, I guess I won't have to write. I like the port on the back just fine.

Steve.
