If you ever have the opportunity to see Zoso, the Led Zeppelin Tribute Band, you should go! They look incredibly like the real band and the sound is incredible. Greg Thompson is every bit as good as John Bonham, in my opinion. He does a 15 minute drum solo that has to be seen to be believed! They are always on tour, so chances are, they will be playing near you soon!

Thanks for the heads up. I have a friend who is really into Led Zeppelin music, and going to see a quality tribute band would be a great birthday or christmas present for him.
