Our very own Eric Barbour (Metasonix) was interviewed at Synthtopia.com. It's an interesting read, and I think you'll really enjoy it. Plus you can put a face with a name. Check it out!

I would say Eric that the info is excellent but you need to be a little more forthwright in your opinions. You can't tiptoe around this stuff. Don't be afraid to speak your mind, Stand up and say what you feel!

Yeah, I think Eric is probably just a little bit shy. He'll probably come out of his shell eventually and start to assert himself a little more.
