I'm still not sure if I'm going to go watch Paranormal Activity 3. It would've been cool to catch it at midnight last night, but it's too late for that. I really liked the first Paranormal Activity movie, and I thought the second one was decent too. Does anyone plan on seeing this one?

I did see it, at midnight on the night it came out. I went with some friends. I have got to tell you that I was scared senseless! I did not sleep the entire night when I got home. I loved it though!
