Subject: Man Impaled by Iaptop! Posted by Kripes on Sat, 29 Oct 2011 10:40:13 GMT View Forum Message <> Reply to Message

I was a bit puzzled when I read this headline but if you read the story you will see that his palm was impaled by a piece of metal that shot out from his laptop's DVD slot. This in itself is a pretty bizarre thing to happen. Explanations?
