So, Justin Bieber forgot the words to a popular Christmas song! He probably didn't rehearse it because he figured he knew it by heart. Oh, well, I guess he is only human, after all!

Well, he's only human, after all. I heard that he took a paternity test because he was accused of getting a girl pregnant backstage. Does anyone know what the results of that test was?

Negative ~ the results were negative. He said he did not even sleep with her. I wonder why they did not arrest her on rape charges. He is underage!

I did not see him mess up - what was the song?
