Ya know, the kind that means you don't have to re-log-in every cuppla days?

I should win something for having the worst mess of a workbench east of the Indian Ocean.

2- 4th order Linkwitz-Riley boards finished today, parts for an Aikido pre-amp and plates/parts for the Mullard KT-88 amps, all together in one big mess. What can I say? It's a gift

The crossovers are in and lowering the cutoff to 1200 solved a lot of issues. It's really good.
