Tell me you are going to go and party it up all night. We are! I can't believe how fast this year went. We are actually heading to a friends house. He recently made his basement into a party room. Flat screen TV, new stereo system, dance floor. It's going to be a blast.

We went to a family members house and had dinner and partied! Got home around 2AM. Dragging butt today though. It's a good thing I don't have to work tomorrow.

It sounds like you had a great time then. Spending time with family is a great way to bring in the New Year. I'm bushed today too - watching football and surfing the net.
