Did anyone see this movie? I heard there were a ton of stars in it. I did not see it yet, but it's still out in theaters. I'm not sure I want to spend the money though. I did not think Valentine's Day was a good movie, sort of reminds me of New Years Eve. Thoughts?

I want to watch it just to see Lea Michele in it. I'm a really big fan of hers since she's incredibly talented, let me know if the film is good or if I should just wait for it to debut on HBO or Star Movies. I don't want to spend so much money just to see Lea Michele for one segment. xx
