I don't understand why American women get their knickers so twisted about old men who wear skirts deciding what's best for them. Other countries have been doing it this way for years.

Yes, how dare we be upset about people dictating our own personal choices as if we are lesser creatures? It's just so unreasonable.

I can't believe the misogynistic crap I've been seeing lately. It's 2012, for goodness sake.

So we ARE still in 2012? I thought I had fallen into a time warp back to the 1950's with all the junk I have seen in the news lately. I guess the powers that be decided it was a bad idea to let us out of the house and are ready to see us back in the kitchen barefoot and pregnant.
