I was just listening to some older Dave Matthews Band songs, I think they have some great instrumentals. On the other hand, I must admit that I find his voice a little annoying sometimes. How do you feel about the Dave Matthews Band?

I like them, or at least the older stuff. I haven't kept up with the band lately. I can see why you find his voice annoying but I've never had that reaction.

As a musician I think he is amazing I nearly ruined my wrist trying to learn to play songs that he composed. I do agree with you about his voice being a little annoying at times though! I have to be in the right mood to listen to him now.

I like the Dave Matthews Band, not only as a casual listener but also as an acoustic guitar player. However, I will say that all of their music sounds alike, one song compared to the next, and that gets old sometimes. I haven't tried to play any of their music but I've heard it's ridiculously hard!

Oh, I haven't listened to Dave Matthews in years. It's an ok band. I don't remember the songs well enough to have picked up on their complexity.
