Are there any Daily Show fans here? I love Jon Stewart and I'm currently watching last week's episodes on my DVR. The Republican primary race is certainly giving him a lot of material!

I enjoy the Daily Show as well, although the Colbert Report is better. I'm always disappointed when they are on vacation because I enjoy the shows so much.

I can't believe you think the Colbert Report is better, but I agree that both shows are good. I remember when Stephen Colbert was on the Daily Show, so it's hard for me to consider his own program to be the superior comedy news show. One thing I do love about Stephen Colbert is how he runs over to interview his guests like he is the main feature.
