Is anyone going to see Star Wars Episode I now that it's out in 3D? I wouldn't mind watching the movie again, but in my opinion, it's not good enough to pay 3D ticket price for.

I can't stand those 3D movies. I don't like the glasses and I hate that fake feel they give me. Kind of amazes me that "technology" resurfaced, to tell the truth.

I know what you mean, Wayne. I'm not a 3D fan either and I always get a bit of a headache after watching 3D shows. I will go to a 3D movie if friends really want to, but prefer to avoid them.
