Has anyone gotten out to see the Hunger Games yet? I am one of probably seven people in the world who hasn't read the books yet, but I have heard the movie is very good.

Hi , I must be one of the other 7. It didn't seem like something that was urgent....so I'll wait for the DVD.

Count me in as another one in the seven who haven't read the books, either. I won't be watching it anytime soon, and from what I have heard there are certain parts that are hard for people to understand if you haven't read the books.

I haven't seen the movie yet (I'll wait for DVD) but I just finished reading the trilogy and it was awesome. I highly recommend it.
