I woke up this morning to have a song running through my head. It would be ok if it were a good song, I suppose, but it is a silly song about hugs from my daughter's CD and it's getting pretty annoying.

What songs are running through your head these days?

I wake-up with the Barney song and the Superwhy song in my head all of the time. For some reason though I have the Aerosmith Pump album running through my head the last couple of days.

I get songs stuck in my head from time to time. Lately, I have had Adele's "Turning Tables" stuck in my head. I love Adele. Her voice is AMAZING.

I have an old Ian Hunter song in my head right now; "Standing in my light" The lyrics in some of his songs are just amazing. I know it's about the punk movement of the 70's but I still find relevance in the song to things I'm going through right now.
