I actually can't remember the last time I saw a really good movie. Do they make good movies anymore? I would love a good horror movie or a thriller if you have any suggestions.

The last really good movie I remember seeing was Tucker and Dale vs. Evil, and that was hilarious. It's on Netflix instant watch if you have that. We are about to try a Blockbuster free trial and have some movies sent to the house. Hopefully, we will find something good.
