I just bought tickets to the Jason Alden / Luke Bryan concert. I can't wait to go! It's not until August 31st. I was on first thing at 9am to get them and I did not purchase them until 10am. The line was crazy and the tickets were through etix.com. I did not like that website at all. I'm pretty excited to go though. Anyone else a fan of the 2?

I am a huge fan of the two and would love to go see them! I remember years ago when I went to see Rascal Flatts in concert Jason Aldean opened for them. No one knew who he was & now look at him. Something similar happened with Luke Bryan as well. I unintentionally saw him in concert while at a baseball game. Much like my Jason Aldean experience, no one knew him either. Now look at the two of them...all country music fans know who they are!

I too bought tickets and went to this concert. It was amazing!! I agree that Luke Bryan was awesome... he really knows how to shake it! I took my daughter and she loved it. I had great seats.
