Tired of opening this Forum and seeing those two words: Ausio Asylum.I don't know what kind of connection the Ausios have to Rod M and company, or why they need Asylum, but I'm sure it must be something sinister.So please, everyone reading this post reply so we can knock those dammed Ausios farther down the page and get them to go back home.

We post "over there"? Thanks for clearing that up as I had no idea. I'll run along now as I suppose I am not welcome.FWIW I wouldn't consider any of you as bad guys nor unwelcome if and when you vist "over there". And no, Tre and Poinz are "good guys" in my book....no matter where they post. You are of course entitled to your own opinion.Russ

Looks to me like we have a little sand in the shoe. I think Bill was just having fun with the typo "Ausio" instead of "Audio". I'm pretty sure Bill doesn't have much of a problem with the Asylum or any of the regulars there, although I wouldn't want to put words in his mouth. Nobody is throwing the babies out of the banya, as far as I can tell.

We're more common than you might think. In fact, some of the most dedicated AusioRoundTable members are closet ausios. I did a search for the word "ausio" on the Asylum and got 50 responses, including one of my own messages in which I referred to the Lone Star Ausio Fest. I have decided to go public with this information now rather than go to the Lone Star Ausio Fest dreading that my secret might be exposed.
