Subject: When did you first start using earplugs?

When I was younger I used to go to concerts and I didn't feel the need for earplugs. Looking back, that was probably a foolish thing to do. I started wearing them in my mid-twenties to avoid getting headaches. When did you start using earplugs at rock shows?

You wised up sooner than I did. I was 30 years old before I started bothering to wear ear protection, but I wish I had started earlier.
