If you haven't seen Argo, you really should go see it. It's a fantastic movie, full of suspense. A friend of mine worked on the sound and he highly recommended the movie; I'm glad I took his advice and saw it.

Yes, I saw it too and agree that Argo totally rocked. I don't go to the theater much anymore because it's so expensive but Argo was worth it.

And here we are, even more good reviews. I have yet to find anyone who has anything bad to say about this movie. I think I actually will shell out the greenbacks to see this one.
