Please decide which model you prefer and I'll send plans right over.

Are the dimensions of the cabinet the same? If so, type 2... I am sort of limited on space however, so if the type 1 cabinet is smaller that would be my preference. Thanks again!

Yeah in my current location it would have to be the 1's... Thanks so much for being patient with me Wayne! Don't know how I missed the specifications on the website!
