The Rolling Stones have a new single "Doom and Gloom", that's going to be released on a new Greatest Hits CD. Has anyone heard it yet? I saw it on You Tube 2 nights ago and think it's alright.

I admire the old farts. Not inspiring, but solid RR.

Hard to believe they're still going isn't it? Of all their songs, Gimme Shelter has stood the test of time the best in my opinion. And not just because it's used in a game either. It's solid.
