Hello Mr. Link Alley and all Great Plains Audio Club members. I see you all have a meeting coming up shortly. I have been reviewing the Stoetkit Jr. and have pretty much completed my assesment. I beleive it would make a nice addition to your meeting and therefor would send it immediately if you should desire. Please feel free to let me know if you would enjoy to sample the amplifier. It is a very nice sounding easy on the ears integrated of 10 watts or so. Await your response, J.R.

Hi John,Thanks for the offer. If Frank doesn't gets back to you with the next name on his list by Monday, then we'd love to have it back. I don't want to bogart the amp with other people waiting. But sometimes Frank gets busy and if he doesn't get to it for a week, I'd love to have that week with it. We can give Link a chance to hear it on his TAD-based Klipschorn clones.Thanks,Wayne
